

REQUIRED ACTIVITY FEE

In order for Bogle Junior High School to take advantage of the Arizona state tax credit program that supports extracurricular activities, CHANDLER UNIFIED SCHOOL DISTRICT has implemented a yearly fee of \$1.00 per family – per school for participation in after-school activities. Any student wishing to participate in the athletic program will be required to pay this **\$1.00 annual fee** when submitting an eligibility packet.

PARTICIPATION COMMITMENT

Each athletic season is nine weeks in length. Selected participants are expected to make a full commitment to the established East Valley Conference schedule of games for his/her sport. If an athlete is involved in Club/AAU or other extra-curricular activities, he/she must be available for **ALL school games or tournament play during the specific Bogle sport season**. Failure/inability to commit to this expectation will prevent a student from being selected for participation.

Students selected for teams and their parents will be required to attend an annual informational meeting that will address specific guidelines and expectations for athletic participation as well as an overview of the “Victory With Honor” character development campaign. Meetings will be offered at the beginning of each sport season.

VARSIY CLUB-EXPANDED MEMBERSHIP FOR PARENTS

BJHS will be forming an expanded Varsity Club this year that will include opportunities for parents to support athletic programs at our school through fundraising, spirit building, and functional assistance. If you are interested in joining this organization, please complete the attachment and return it with your child’s eligibility packet. A \$1.00 membership fee is charged.
